DELIVERIES: Deliveries are performed by our technicians or Respiratory Therapists depending on clinical need. They will be scheduled daily or on an as needed basis. *24 hour emergency service is provided.*

REFERRAL: Arrangements for service are made ASAP for what is convenient for the customer. We instruct the patients and caregivers on all equipment we set up and provide the necessary follow-ups by the appropriate staff.

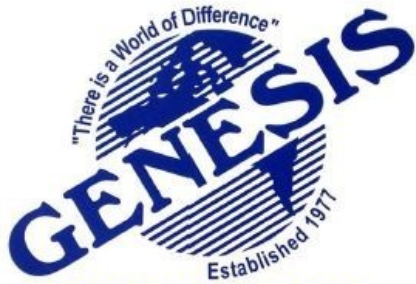

STAFF: Our staff consists of licensed Respiratory Therapists, Nurses, and factory trained personnel. **GENESIS** also has Physical and Occupational Therapy service available. A complete customer service and billing department is provided to service our customers.

PATIENT EDUCATION: Our team of qualified professionals will perform all patient education presentations to the patients and their caregivers. **GENESIS** will also provide them with written and/or verbal instruction on how to use the provided equipment and supplies.

PROFESSIONAL EDUCATION: In some cases, CEU's may be obtained for professionals instructed by **GENESIS**.

BILLING INFORMATION: **GENESIS** is an accepted provider for nearly all reimbursement sources. We accept patients on a need basis and when necessary, or when special circumstances arise, allow a 30 day period for social workers (or others) to assist patients in making financial arrangements and/or getting assistance for services rendered.

STANDARD OF CARE: **GENESIS** works with the Physicians, Social Workers, Discharge Planners, Home Care Personnel, etc.; to meet the patients needs in transferring from the hospital to the home while maintaining continuity of care. There are written company policies and procedures for Safety Management, Infection Control, and Emergency Situations.
